Part One

The lamp-keepers of the northern coast kept a record of every evening they lit the harbor, and the record grew longer than the harbor itself. Most nights the third column stayed empty, and the keepers took pride in that, since a quiet night meant a safe one.

Part One, continued

The lamp-keepers of the northern coast kept a record of every evening they lit the harbor, and the record grew longer than the harbor itself. Most nights the third column stayed empty, and the keepers took pride in that, since a quiet night meant a safe one.
